PROFILE

Multi disciplinary designer working across graphic design, UX/UI, branding, advertising, web design, and interaction design. I turn ideas into clear visual systems through research, wireframes, typography, brand identity, polished interfaces, and expressive storytelling.

EXPERIENCE

Independent + Academic Design Practice — LATE 2022 - PRESENT
Built a multi-year portfolio across brand systems, UX/UI case studies, advertising, web interfaces, typography, photo manipulation, front-end coding, and interactive experiences.

Kroger - Front End Associate — SEP 2024 - JUL 2025
Customer-facing retail experience centered on communication, teamwork, accuracy, and reliability in a fast-paced environment.

SELECTED PROJECTS

SaveSip / Cup$i - UX/UI + Branding
Gamified drink-spending tracker developed through research, low/high-fidelity wireframes, mascots, challenges, savings feedback, and a recipe/community layer.

SmartCart - UX Research + Product Concept
Shopping-list concept focused on repeat-buy suggestions and useful item customization, supported by interview planning, competitive audits, research questions, and MVP thinking.

Crosswalks That Explain Themselves - Interaction / IoT
Public-facing pedestrian crossing interface using glanceable cues, accessibility thinking, four core interface states, and failure/fallback behavior.

Berry Vibes Recipe Builder - Web + UX/UI
Personalized recipe-building experience organized around flavor, texture, ingredient swaps, saved recipes, and cozy challenge mechanics.

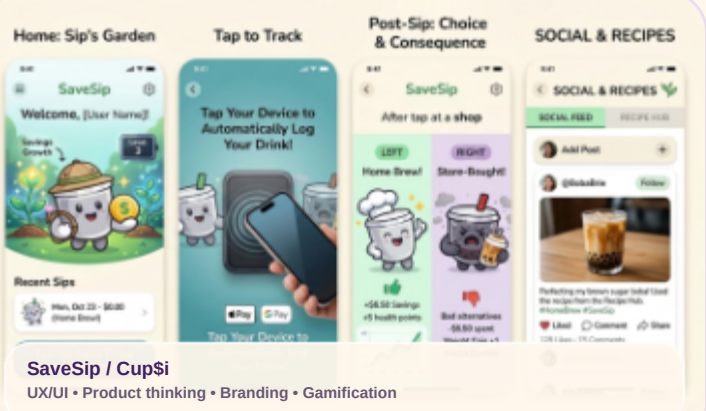

Internet Studio Web Projects - HTML/CSS/JavaScript
Concrete poem, non-linear hypertext narrative, interactive recipe puzzle/quilt, history study game, and responsive portfolio work.

NYC 2028 - Liberty Lights the World - Visual Identity
Olympic identity concept combining New York landmarks, symbolic silhouette design, and a concise city-forward visual system.

Also explored: poster typography, food and product advertising, culture-jamming campaigns, logo systems, educational graphics, photo composites, and social-media visuals.
